not exactly but here it goes

back in college i had a gf who i simped for hard, when she broke up with me she went out of her way to wreck my friend group. a few of them still talk but it was split in half, one half only stays in contact to try to make fun of me even though all of their lives are equally or more pathetic than mine, the other I stayed friends with. i had a few relationships, jobs, moved away from my shitty family since her but never really got over the damage. shed tease me with spotify playlists (i know how pathetic that sounds). in late 2018 i really got into /biz/ and really liked the idea of BAT, went all in with around \$20k, mostly from holding litecoin during the 2017 bullrun. spent 2019 shit posting but started losing it when it broke btc support and completely missed link until it was \$2. ive made some good gains but I would have been a millionaire had I chose link instead. i was really pissed and started sharing details about my life on /biz/, by early 2020 people had figured out who I was, pretty sure people who knew my cousin who I had stayed a few months with. i was making empty threats against her when i deduced from spotify that she had fallen pregnant with her bf, now husband. they contacted her and introduced her to /biz/ and gave her tips on what was going to moon to make her rich through discord channels that i had never joined because i was just shit posting, not realizing the alpha tips were being handed out there. mid 2020 over at /adv/ she admitted to all the times she had cheated on me and i absolutely lost my mind and started making slightly less empty threats. now were here.

she ended up helping with **Flow protocol**, if you had ever seen a "Fuck you." thread, those were directed at me after i started making empty threats against the link marines in those channels that gave her the alpha tips. i haven't said enough to get me arrested but they tried and are still trying to bait me into saying something that would.

anon, it appears you're having persecutory delusions and delusions of reference.

if you're worried about showing signs of schizophrenia, i'd suggest reading up on symptoms and the types of delusions so you can recognize when they're occurring.

Realize that you're not that important - not all things that happen in life are specifically targeted at you.

it'd be healthy to stop thinking and talking about your ex-girlfriend entirely. as long as you have your shit together, gfs are easy to come by.

Yes I haven't said anything to him and I definitely won't. A few months ago his mom was looking for him to try to get him some help (I think/hope) so I will plan to give her a call tomorrow and tell her things have escalated unless there's any reason you'd rather I didn't

Ok update, Donnie apparently just got off the phone with Bills mom and apparently Bill has been sending stuff just as awful to every member of his family and making up stories etc. about horrible things they did to him. She's apparently working with (or trying to work with?) some mental health organizations about how to get him help

Also apparently schizophrenia runs in his family.

SUN AT 2:01 PM

hi emily, its bill. i know you cheated on me a lot when we were together. i know you still speak to and meet up with my sister. i know youre now rich from cryptocurrency. you did permanent mental damage for fun because of your own messed up childhood sexual abuse. all id like is a simple apology more than one word admitting to what you did and are doing.

Sunday, November 15, 2:01 PM

a simple apology would help me immensely, but your straight ignorance and continual stalking of me via family members is extremely toxic and ruining my relationship with my family

You wouldn't have had to delete your reddit account and hide all your spotify playlists if you had just apologized. the amount of trouble youre going through indicates you still really love me, which is sad youre putting yourself through so much grief instead of just saying sorry. Youre hiding from your feelings instead of just being honest with yourself and me. I dont love you and looking back never did, i just want you to apologize so we can both move on and you can stop shaping your entire internet presence around me. imagine how much easier life would be if you just apologized.

I'm serious, a simple apology and I leave you alone forever. I feel like you want my attention because you still think of me all the time despite starting a family. thats not healthy for anyone involved, including your daughter.

Imagine what john would think if he realized all of your spotify playlists were made around your feelings for me.

Jelly pathetic losers? ;))))))

HOW does it feel to be inferior to me? 😊

MY god thinking HOW 99.9% of you Will never in your lifetime achive success to get this card makes me laugh 😊

FUCK you all 😊

Amex centurion for real men

i know this is you. all you have to do is apologize. the only reason you wont is you love getting attention from me.

i regret meeting you so much.

imagine if you didnt have to browse 4chan just to see whats going on. imagine never going back there ever again.

imagine not having to check discords full of crypto millionaires avoiding taxes

imagine having a child out of love and not spite

i deserve an apology, and not one over /adv/. a real apology.

and the fact that you wont give one proves you havent changed at all, youre still only thinking of yourself, desperate for any and all attention you can get

it sucks knowing i made you the happiest you had ever been or ever will be when all you did was the opposite for multiple people. youve ruined so many people, and your fathers abandonment isnt an excuse. if anything your actions justify his. he was right to walk out on you because of how you act.

would have made if you just

B

im not leaving you alone until  
you come clean about  
everything you did and  
apologize

and your husband doesnt have the balls to defend your honor, which is why i can keep being verbally abusive with zero consequences

B

youre really low level scum and your crypto scams will be known

i wont let you steal money from people like this

without me spam calling you

B

WED AT 8:17 PM

just apologize and ill let you run your scams

B

this will all be over, ill leave you alone forever

simple as that

the only reason you wont apologize is you're trying to charge me with harassment. this is extremely planned.

B

WED AT 8:29 PM

its really simple, just say youre sorry for cheating and lying to me multiple times

i dont feel bad about making fun of you for your dad leaving anymore, you deserved it just like you deserved your uncles sexual abuse

Imao your dog got hit by a car

it happened because you deserved ut

hopefully the same happens to your daughter

B

NOV 20 AT 3:06 PM

all you have to do to make yourself safe is apologize, but you wont because you want as much attention as possible because youre a crazy cunt

↓ RFI and everything related are 4chan discord coordinated useless money holders that generate more money for a girl named Emily Goetz, usually goes by the name Morpheus but also calls herself Z sometimes.

You can invest in them and make some money, but you should know that everytime you do a group of actual incel racist sexist virgins led by Sam Hyde (who if you don't know, tried turning every school shooting into a joke so they would continue to happen) laugh and make more money. They then use those unreported crypto gains to simp for e-thots, buy anime, and fund more actual rugpulls and scams. When this group decides it's over, it'll be over much faster than you can sell.

<p><b>State The Following:</b></p> <p>My name is Emily A Goetz and I am voluntarily giving this to the New York State Police. On Tuesday, October 20, 2020 at approximately 3:30pm I noticed on twitter that an ex boyfriend name William Buehler messaged me after not speaking to him in 6 years. For the next few days, the messages increased and become more severe. I reported this incident to the NYPD on Wednesday and returned back there Thursday and spoke with Detective Jason Hawkins out of the 84th precinct. Hawkins told me to email all of the screen shots that I have about Buehler and I have not heard back. I reported this incident to the State Police because my mother's address which is 5 Rose Dr in the Town of Rochester was posted online for people to see and this made my mother fearful of her well-being. At this time, the NYPD will be handling this incident and I wish to pursue charges against Buehler.</p> <p style="text-align: right; margin-right: 100px;">EG 10/24/20</p>

Guy Babcock vividly remembers the chilly Saturday evening when he discovered the stain on his family. It was September 2018. He, his wife and their young son had just returned to their home in Beckley, an English village outside of Oxford. Mr. Babcock still had his coat on when he got a frantic call from his father.

"I don't want to upset you, but there is some bad stuff on the internet," Mr. Babcock recalled his father saying. Someone, somewhere, had written terrible things online about Guy Babcock and his brother, and members of their 86-year-old father's social club had alerted him.

## Gamergate controversy

From Wikipedia, the free encyclopedia

*"GamerGate" redirects here. For the type of ant, see [Gamergate](#). For other uses, see [Gamergate \(disambiguation\)](#).*

The **Gamergate controversy** concerned an online harassment campaign, primarily conducted through the use of the hashtag #GamerGate, that centered on issues of sexism and anti-progressivism in video game culture. *Gamergate* is used as a blanket term for the controversy as well as for the harassment campaign and actions of those participating in it.

Beginning in August 2014, a harassment campaign targeted several women in the [video game industry](#); notably game developers [Zoë Quinn](#) and [Brianna Wu](#), as well as feminist media critic [Anita Sarkeesian](#). After Eron Gjeni, Quinn's former boyfriend, wrote a disparaging blog post about Quinn, #GamerGate hashtag users falsely accused Quinn of an unethical relationship with journalist Nathan Grayson. Harassment campaigns against Quinn and others included [doxing](#), threats of rape, and death threats.
